# a fashionable fete

Take a cue from fashion icon Diane von Furstenberg and let your personal style inspire your wedding style.

FURNITURE BY GREEN ROOM

## tropic table

Dressing strictly in solids is boring, so why take a print-free approach to your reception décor? Just a hint of a pattern on the plates and chargers punches up the table without overpowering it. Tabletop by Diane von Furstenberg Home, Bloomingdales.com >>

ADDITIONAL STYLING BY MARTHA BERNABE

## fresh picks

Think about texture: In the same way some materials like chiffon and satin just work together, certain flower textures also play off each other for a romantic, bohemian style.

STYLE

## paper trail

Your invitation or save-the-date is the first glimpse guests will get of your wedding style. Keep all the paper consistent, from the invitation and stamps to the program and response card envelope. >>

### sittin' pretty

Accessorize your table just as you would your outfit. The matching metal accents and slim wood menu and escort cards keep the table's décor natural yet refined.
